Travellers Bungalow
at Luiguatahalla.

In his letter No. 194 dated
20 Sept. 1899, the President
of the D. F. Board having
proposed, at the instance of
the Ext. Engr. to repair &
improve the 3rd class Travellers Bungalow
at Luiguatahalli at an
estimated cost of Rs 25-31/-
and requested that, as the
work was one of necessity to
prevent the collapse of the
building, and as there was
no money in the D. Funds to
meet the cost, the Board's
resolution to raise the
Bungalow to 2nd class and to
maintain it from Provincial
Funds might be sanctioned

On further consideration I would suggest that this be placed before the Secretary who as in charge of the Division can explain the circumstances under which the Executive Engineer has been going on with the work of repairs to the Travellers Bungalow at Lingadahalli before the receipt of the sanction of Government to the proposal of the District Board. The amount required is Rs 2531 of the Estimate but the Board's sanction is limited to repairs and Rs 345 of a Native Kitchen is included in the Estimate. Rs 1800 has already been spent on repairs by the D.F.W. The Board seems willing to meet the charge.

Has the honor to report

Central Jail Press, Bangalore.—21-9-98.—49,302.

The Bungalow is situated about midway between the
that the Luigenhalli Travellers Bungalows at
Chickmagalur and Kaduvalli is 17½ miles & the road
The distance between Chickmagalur & Kaduvalli
has many ups & downs in it. A bungalow in the
middle as it now exists at Luigenhalli is very
useful for the inspecting officers & the travelling
public. Under the rules in force, all these class
Travellers' Bungalows are to be maintained from
District Funds.

2. The Local Fund Board of the Kadur Circle, not
having money to meet the cost of the urgent work
required to put the bungalow in order, have proposed
the raising of the Bungalow from the 3rd to the 2nd
class with the object of the money for the necessary work
being met from Provincial Funds. As a bungalow in
good condition here is very necessary & the District
Fund Board cannot meet the cost of maintaining it, the
undersigned is of opinion that the Board's proposal may
be favourably considered in the interests of the
public. As the transfer to a higher class will be on account
of the inconvenience in providing funds, the full-
establishment according to scale for a 2nd class bungalow
need not now be entertained till the necessity for it
forces itself.

Sir

I have the honor to forward herewith a plan and estimate for re-roofing the Traveller's Bungalow at Lingenahally in the Chikmagalore Taluk for favour of Counter-signature and return. The report explains all the details A portion of the Bungalow came down during the rains in June and if very early repairs are not carried out, the whole building

re to come down.

According to the rules in force the funds have to come from the district Funds but there is no money available for this work in this year Budget. I beg you will kindly get sanction with for a special grant to meet the cost of this very necessary work or for a re-appropriation of funds from the current year's district Fund Budget. The amount set apart for "Reserve" minor works is too small to meet even the ordinary demands with and no money can be spared out of it

3 Considering the importance of the repairs being carried out early, I have issued order to collect the necessary materials; if, however, you consider that no money can be granted for the work during the year, I beg you will kindly inform me the same so that I may see that no objectionable charge is incurred.

With docket No: 34 of the 13th February 1900 calling for reply to his docket No: 214 of the 28th August 1899 regarding funds for the repair of the 3rd Class Travellers Bungalow at Lingenahalli in the Chikmagalur Taluk.

Has the honour to state that the matter having been placed before the District Fund Board on the 15th September 1899, the Board resolved that owing to want of funds, the Government might be asked to raise

the

the Bungalow to the 2nd Class and thus relieve the Board of the cost of maintaining it. Accordingly a recommendation issued, whereon the Government in their order No: 4641-2 of the L.2.75-94-1 of the 4th October 1899 transferred the matter to the Chief Engineer for Consideration and disposal in the Public Works Department. The undersigned has not heard any further about it.

With reference to the above has the honor to request the Superintending Engineer to kindly inform the undersigned whether the estimate submitted for the repairs and improvements of the Bungalow is likely to be sanctioned early:-

A sum of Rs 1,860 has already been spent in making good the damages caused to the main building

building. The old materials secured from the main building have been stacked in the premises of the Bungalow with a view to use them in repairing the out houses in the event of the estimate being sanctioned early, otherwise, the materials will have to be sold by auction to prevent deterioration. In which case, the amount of the estimate will be exceeded.
